Lisa – Here is a copy of an AOC + SOW + Action Memo + Work Plan + ESD ++++ for a site in Utah. Hopefully this helps

Shaorn or Mike – do you have any examples of an SOW for a an AOC for a removal action to be performed by a PRP? We are working with the city/county of Denver on a project in the middle of OU2 at VB/I-70 and would like an example(s) of a couple of good ones to share with the city. Thank you.
